Ozark Series

3700 | 3 LAYER, INSULATED SANDWICH

FLUSH PANELS

Ozark Series showcases the look and appearance of real wood, with the deep woodgrain embossment, reliability, and durability you have come to expect with doorLink doors.

PANEL HIGHLIGHTS:

26 GAUGE STEEL

Hot dipped galvanized steel exterior and interior skins to provide superior strength and durability.

20 GAUGE HOT DIPPED STEEL HINGE PLATES

Galvanized steel hinge plates run the full height of each section at all hinge locations to facilitate the attachment of hinges, handles, struts, and step plates.

2" THICK INSULATED 3 LAYER SANDWICH PANEL

2" thick insulated steel sandwich panel constructed of top quality materials. Ozark Series offers a deep woodgrain texture and two coat prefinished paint system all combine to enhance the beauty of your home.

R-VALUE 10.25

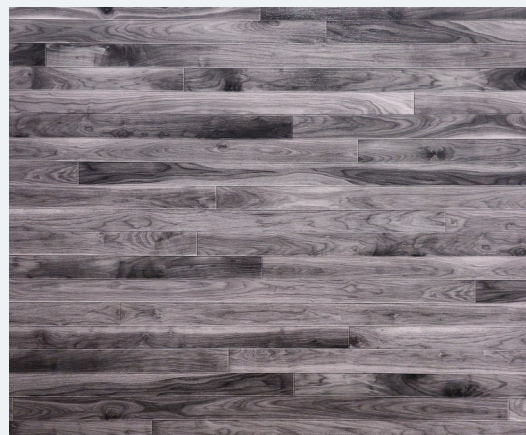

Sandwich type construction with polystyrene insulation pressure bonded between two sheets of hot dipped galvanized steel enhances your home's energy savings, makes your door operation quieter, and reduces exterior noise in your garage.
